

We are proud to introduce to you to ITALIA Pavilion at 2025 edition of Arab Health (27 – 30 January 2025) and Medlab Middle East (3-6 February 2025), where the world of healthcare meets, organized by Informa Markets and hosted at Dubai World Trade Centre.

With the 2025 edition Arab Health will celebrate its 50th edition and is expected to draw more than 3.800 exhibitors, many unveiling world-exclusive innovations in the healthcare sector, with visitor numbers expected to surpass 60.000.

Taking place in Dubai, Arab Health and Medlab Middle East represent together the largest healthcare trade events offering unparalleled access to do business, learn, and network.

Taking place in Dubai, the MENA most important events in the medical field are expected to welcome around 4.700 exhibiting companies and 80.000 healthcare and trade professionals, from 180 participating countries with 3.400 conference delegates.

To continue creating meaningful business and learning opportunities, Arab Health and Medlab Middle East has introduced a fee for visitor registration.

The visitors will be able to discover and evaluate thousands of products on display; to learn and improve their knowledge and skills through educational opportunities thanks to conferences, workshops, and training sessions; to immerge themselves into the latest healthcare innovations and, of course, to do networking and connect with trade professionals attending the show. The trade fair is full of new ideas, with the free trainings and workshops brought by the leaders in the healthcare industry.

Arab Health and Medlab layout gives the ITALIA Pavilion the chance to be present in 4 different Halls: Za'Abel 1 (Medical Laboratory Industry), Za'Abel 2-3-6 (Medical Equipment & Devices), Sheikh Saeed 1-2 – Trade Centre Arena (Imaging & Diagnostics) and Sheikh Rashid – Sheikh Maktoum (Orthopedics & Physiotherapy / Rehabilitation / Wellness). The ITALIA Pavilion will occupy 2.000 square meters with an exhibition tailor-made concept created for 150 national exhibiting companies, respectively:
